About the Café

Spring St. Café is one of Los Angeles' most prized hidden gems. We are located in the heart of Historic Core, on the 9th floor of the Spring Arts Tower; just above the Last Bookstore. We've brought together beautiful skyscraper views, good music, better food, and quality La Colombe coffee to create the perfect oasis from busy street life. We pride ourselves in our ability to provide a unique space where human connection and hospitality are not just possible, they are highly valued. Here, we live by that old school philosophy where home and community are one in the same. Our goal is to contribute affordable clean eating and meaningful experiences for people in the neighborhood to work, create, relax, and connect. And as members of one of the most creative cities in the world, we are always looking for new ways to collaborate with and uplift local artists and businesses in the community. Our goal is to contribute affordable clean eating and meaningful experiences for people in the neighborhood to work, create, relax, and connect.
